

RodiCare® Pulmo

Supplementary feed for dwarf rabbits, guinea pigs and small rodents

Supports the physiological defences of the respiratory tract

Liquorice contains sweet-tasting glycyrrhizic acid.

Watercress is as a natural source of vitamin C and sulphurous substances.

Ribwort extract and marshmallow root contain beneficial mucilage.

Ivy provides other valuable secondary plant substances, which support the physiological defences.

**CONTAINS
NO ADDED
SUGAR**

RodiCare® Pulmo is a high-quality biological supplementary feed with plant substances that support the physiological defences of the respiratory tract. It also contains beneficial natural flavourings (ivy extract and mallow tincture).
