

RodiCare® Senior

Feed supplement for rabbits, guinea pigs and small rodents

Contains ginseng, ginkgo and hawthorn

CONTAINS
NO ADDED
SUGAR

Ginseng, ginkgo and hawthorn supplement the diet with secondary plant substances.

The **glucosamine glucans (GAGs) chondroitin sulphate and glucosamine** are important cartilage substances required to hold large quantities of water and allow elasticity.

Willow bark contains salicin, which is converted into salicylic acid in the body.

Nettle naturally stimulates urine production.

L-carnitine plays an important role in cardiac energy metabolism.

Composition:

Hawthorn, macerated 10%, glucosamine 2%, bromelian powder 2%, chondroitin sulphate 0.5%, [ginseng, dried ginkgo leaves, willow bark, hawthorn, dried nettle leaves], ground at 0.1% each

Analytical components:

Crude protein	2.4%	Crude fibre	0%
Crude fat	2.2%	Crude ash	2.4%
Sodium	0.2%	Moisture	83.6%

Additives per 1000 ml:

Nutritional physiological additives:

L-carnitine	10,000 mg
-------------	-----------

Flavourings:

Ginkgo extract	125 ml
Ginseng tincture	100 ml
Willow bark extract	100 ml
