

RodiCare® Vita B

Feed supplement for rabbits, guinea pigs and small rodents

2-component system with B-vitamins

RodiCare® Vita B supplements the diet with B vitamins.

A lack of B-vitamins can occur, e.g. with infections, digestive disorders (caecal pellets are not absorbed), increased strain and stress or an unbalanced diet.

CONTAINS
NO ADDED
SUGAR

Composition:

Barley grass juice powder, methylsulphonylmethane, goji berry juice powder, carrot starch, magnesium stearate

Analytical components:

Crude protein	15.4%	Crude fibre	0.8%
Crude fat	1.2%	Crude ash	0.5%
Sodium	0.1%	Moisture	80.5%

Additives per 1000 ml:

Nutritional physiological additives:

Vitamin B ₁	10,000 mg
Vitamin B ₂	5,500 mg
Niacin	50,000 mg
Calcium D-panthenol	2,715 mg
Vitamin B ₆ /pyridoxine hydrochloride	4,000 mg
Vitamin B ₁₂ /cyanocobalamin	150,000 µg
Vitamin K ₃	600 mg
L-carnitine	5,000 mg
Biotin	500,000 µg

Flavourings:

Glycine (2b17034)	50 g
-------------------	------

Feeding recommendation:

To be given with food or directly into the mouth.

Once daily approx. 0.5 ml per kg/body weight for 7 to 14 days.

The required feeding quantity can vary depending on the pet's species, weight, age and health. The exact quantity should be agreed after consultation with a vet.

Caution:

To protect sensitive nutrients, the solid and liquid components are only mixed immediately before first use.

Before first use, turn the lid clockwise (direction of arrow) as far as possible until the tablet falls out of lid catchment into the liquid part. Shake well. The tablet dissolves in 3 – 4 minutes and the liquid is then ready for use.

Notes:

Shake well before each use!

Rinse the syringe after use.

Store away from light and not above 25°C.
Use within 3 weeks once opened.

Durability: 24 months

Trading form:

25 ml bottle with 2-component system
and dosing syringe
