

RodiCare® Artrin

Supplemental feed for rabbits, guinea pigs, and small rodents

With cartilage-supporting nutrients and devil's claw

- The glycosaminoglycans (GAGs) chondroitin sulfate and glucosamine are important building blocks of cartilage, needed for water retention and elasticity.
- Hyaluronic acid is a key component of joint fluid.
- Bromelain powder contains many proteolytic enzymes. Methylsulfonylmethane
- (MSM) is an organic sulfur compound and an important component of collagen.
- Willow bark contains salicin, which the body converts into salicylic acid.
- Devil's claw and olibanum (Boswellia resin) provide valuable plant-based compounds.

RodiCare® Artrin provides balanced, high-quality support for joints with targeted nutrients and helps prevent diet-related deficiency signs.

Ingredients:

Glucosamine 8%, bromelain powder 2%, chondroitin sulfate 2%, methylsulfonylmethane 1%, hyaluronic acid 0.5%, Olibanum 0.1%, willow bark 0.1%, devil's claw 0.1%

Analytical constituents:

Crude protein	3.8%
Crude fiber	0%
Crude fat	3.7%
Crude ash	3.5%
Sodium	0.3%
Moisture	84.3%

Additives per 1000 ml:

Flavorings:

Devil's claw extract	100 ml
Willow bark extract	25 ml

Feeding recommendation:

Give once daily, mixed with food or directly into the mouth.

Depending on body weight, give

Hamster, degu, rat, chinchilla:	0.1–0.2 ml
Guinea pig:	0.25–0.5 ml
Dwarf rabbit:	0.5–0.75 ml
Rabbit:	0.75–1.5 ml

Long-term use is safe.

If needed, the dose may be increased.

Notes:

- Shake well before use!
- After use, please rinse out the syringe.
- Store at no more than 25 °C and protect from light.
- Use up after opening.
- Shelf life: 24 months

Package size:

50 mL glass bottle with dosing syringe
